A For Sale search begins on the map you see here.

- 1 The pins represent commercial properties.
- 2 The properties on the right are your search results. If a property has a green bar, it is receiving paid promotion.
- 3 The buttons on the left of the map let you interact with it. You can narrow your search to focus within a certain radius, add layers (including heat maps and national retailers), draw a custom search area, select a particular location, and more.
- 4 The same location settings are also available in the Filters menu, along with other options for customizing your search.

THE INTERFACE

Understanding the Filters Menu

UNDERSTANDING THE FILTERS MENU

Tabs

The Filters menu lets you narrow your search in a variety of ways. The more filters you select, the fewer search results your search will provide. You'll notice that most of the filters are organized by tabs. Each of these tabs denotes a specific group of filters. Clicking a tab scrolls the menu to the section the tab denotes.

- 1 Location:** The Location filters are accessible at the top of the Filters menu and in the Location button on the map. Use these to narrow your search by market, submarket, state, county, city, and more.
- 2 Primary:** This section covers your basic property information, including the filters from the bar above the map.
 - Building:** This section contains filters related to the building specifications and quality, such as the building class, year built, and more.
 - Tenants:** These filters narrow your search based on retail tenant-related criteria.
 - Contacts:** Use these filters to narrow your search based on true owner, leasing company, or other contact information.
 - Demographics:** The Demographics filters let you narrow your search based on demographic parameters – for example, properties within a certain range of household income.
 - Last Sale:** This section is unique to For Sale and offers options to narrow your search based on factors from a property's previous sale.

UNDERSTANDING THE FILTERS MENU

Important Filters

The individual filters you use most will depend on your specific use cases, but here are some particularly important filters:

- 1 Sale Status:** This filter can be found in the Primary section. It lets you narrow your search based on your search results' status—Active, Under Contract, Pending, or Escrow.
- 2 Cap Rate:** This filter can be found in the Primary section. Use it to search listings based on a desired cap rate.
- 3 Sale Price/SF:** This filter can be found in the Primary section and will narrow your search to your desired range for price per square foot.

The screenshot displays the CoStar interface with a map of property listings and a filters sidebar. The filters sidebar is divided into several sections:

- Property Type:** A dropdown menu labeled "Select".
- Property Size:** A dropdown menu labeled "Select".
- Tenancy:** Radio buttons for "Single" and "Multiple", with an "Include Unknown" checkbox.
- CoStar Rating:** A star rating system with five stars and a "1" icon.
- Construction Status:** Checkboxes for "Existing", "Under Construction", "Proposed", "Under Renovation", and "Demolished".
- Sale Price:** Input fields for "\$ Min" and "\$ Max".
- Sale Price/SF:** Input fields for "\$ Min" and "\$ Max".
- Auctions:** A dropdown menu labeled "Select".
- Investment Type:** Checkboxes for "NNN Investment" and "Sale Leaseback".
- Cap Rate:** Input fields for "Min %" and "Max %".
- Days On Market:** Input fields for "Min" and "Max".
- Sale Type:** Radio buttons for "Investment", "Owner User", "Active", and "Pending".

Three red circles with numbers 1, 2, and 3 are overlaid on the filters to indicate the locations of the filters mentioned in the text:

- 1:** Points to the "Sale Status" filter in the "Sale Type" section.
- 2:** Points to the "Cap Rate" filter.
- 3:** Points to the "Sale Price/SF" filter.
